

# NEW SERVICE WEEKEND CHECK IN PROCEDURE

Brothers,

At the New Officer Orientation, it was decided amongst the LEC that we will implement a new check in procedure for all service weekends effective Summer Service weekend in August 2010. Instead of checking in at the Rappahannock Scout Camp's Birdsong Center, all check ins will be made at the Rivah Base welcome center. The welcome center is the first blue building on top of the pavement hill when you enter the reservation. Once you arrive and check in Ordeal candidates will be escorted to another site to be determined by the Lodge Chief and Elangomats. For current brothers, we will have a list of service projects from Ranger Joe. Let us know if you are in kitchen crew or ceremonies team when you check in so we won't put you in a work crew. You will have the option of selecting your preferred work crew on a first come, first serve basis. If you choose not to select a work crew, the LEC and/or Service team will select one for you. Once you select/get selected for a work crew, we will take down your name. Throughout the service day, we will be doing roll calls for all work crews. If it is learned you are not present without a great excuse (Med Lodge or hospital), you will be tracked down and placed in another work crew of the Lodge's choice. Remember what the Order of the Arrow is all about (WWW).

YIS,

William Brackin- Lodge Secretary
